Work Experience

Nov '21 - Current — **Country Manager Italy & Area Manager Middle East**

Company: HAI Robotics B.V. (Hoofddorp, The Netherlands) - Robotics for Intralogistic

Fast-growing startup company developing robotic solutions for the intralogistics market.

Activities and Goals: As the n. 1 employee in Italy, I have taken on a broad range of responsibilities, including managing HR, legal, finance, marketing, and sales-related activities. In fact, I've focused primarily on driving sales growth for the business.
Within just 12 months, I've successfully generated a robust pipeline of projects worth over €120 million, with more than 300 potential prospects identified. Acted as PM for sales cycles, coordinating cross-departments people.
I coordinate and support more than 60 people from 12 different partners and led a team of 6 people.
To help manage and track all of this activity, I've leveraged the powerful capabilities of SalesForce as our CRM tool.

Aug '18 - Ott '21 — **Sales Engineer – Key account (Amazon)**

Company: Vanderlande Industries B.V. (Veghel, The Netherlands)

Delivering automated handling solutions globally for postal/parcel, warehouses, and airports.

Activities and Goals: As a Sales Engineer I was responsible together with my team to prepare bid proposals documentations. From Design, layouting, procurement going through technical documentation preparation and departments coordination in order to help our customer to find the most effective solutions to accommodate its needs in time, till the pricing proposal part. I used to be in contact with suppliers, customers and internal department divisions.

Mar '18 - Mar '23 — **Entrepreneur, CEO & Co-Founder**

Company: NEXTON (Turin, Italy) - Smart City Technology Solutions

Start-up Company developing and delivering smart city technology solutions.

Activities and Goals: I founded and set-up NEXTON, developing the whole business strategy, securing key partnerships, and leading a 9-company consortium for a Horizon 2020 call. As an early member, I contributed to every stage of the company's development, overseeing business planning, fundraising (secured €50K seed investment), public project presentations, team management (5 employees), finance, business development strategy, and HR (7 internships and 1 master thesis project). My efforts helped establish a strong foundation for NEXTON's ongoing success and move the revenue from 0 to 1.

Curriculum Vitae – Davide Tuzi

Aug '16 - Jul '18	**Technical Sales & Process Engineer**
Company:	Lenntech B.V. (Delft, The Netherlands) - Water Treatment Solutions
	Water treatment solutions provider for industrial market, offering equipment, spares, consumables, system design, services, and consultancy.
Activities and Goals	As a Technical Sales Engineer, I supported our international customers by designing custom quotations and contributing to new business generation strategies. I also optimized workflow processes in a team setting. My greatest achievement was designing and implementing a process to improve internal communication. References are available upon request.

Sept '15 – Jul '16	**Structural Engineer**
Company:	Rete Ferroviaria Italiana S.p.a. (Turin, Italy) – Italian Railway Infrastructure
	Italian Railway Contractor, transport service provider and network managing company.
Activities and Goals	Using LUSAS software (Finite Element Method), I conducted structural analyses of railway masonry arch bridges. The simulation focused on evaluating stresses and strains and computing the safety factor of the bridge. As a result, I developed a new method of stress analysis that could be used for the maintenance of arch bridges. Other software used in the project included RING and TNO DIANA.
